PORTFOLIO / BUILDING DESIGN / CONSTRUCTION

# DENNIS TAN

Aspiring Construction Management Professional

Sydney, Australia | dennistan2006@outlook.com | 0481 858 866

## PROFILE

Building Design and Construction diploma student with practical experience through HSC Major Works involving 3D modelling, timber construction, joinery, mobile shelter design and a custom resin feature table. Seeking to develop further skills in construction project coordination and site-based work.

## EDUCATION

### Western Sydney University — 2026–2027

Diploma in Building Design and Construction — In Progress

### Turramurra High School — 2025

Higher School Certificate (Year 12) — Completed

## SELECTED PROJECTS

### Tiny Homeless Shelter — 2025

Design & Technology HSC Major Work: timber-framed mobile shelter prototype, 3D design development, base and roof construction, physical assembly and completed project documentation.

### Epoxy Resin River Table — 2025

Industrial Technology (Timber) HSC Major Work: digital concept development, timber preparation, X-frame leg joinery, tabletop fabrication, resin feature and finished table.

## SKILLS & TECHNICAL CAPABILITY

| | |
|---|---|
| **Design** | Autodesk Fusion 360 · 3D modelling · 3D printing |
| **Timber** | Measuring · cutting · joinery · processing |
| **Making** | Assembly · surface preparation · fabrication |

## LICENCES, LANGUAGES & DIRECTION

| | |
|---|---|
| **Licences** | NSW Construction Induction White Card · Learner Driver Licence |
| **Languages** | English and Mandarin |
| **Future study** | Bachelor of Construction Management (Honours), WSU — goal |
